DEATHBYROMY

TECH RIDER & SPECS

This Rider is in support of the booking contract between the Show Promoter and DeathbyRomy's booking Agent; in no part does it override any clauses of that contract.

The Rider is intended to provide you with all the information needed for the band's show.

This is not expected to be an exhaustive document covering all of the touring party's needs. If there are show constraints or problems in meeting this Rider or any areas where the requirements of this document cannot be met, we would appreciate advance notice, we can then address any issues together, and find a mutually agreeable solution, in a timely manner ...before show day. Thank you.
